

Thank-You Lucky Star

Written by Lora Rozler

I thank my lucky star
For the light that guides my way.
For the beauty that surrounds me
New beginnings every day.

I thank my lucky star
For the ocean's calming lull.
For the stars that shine above me
The gentle sparrows call.

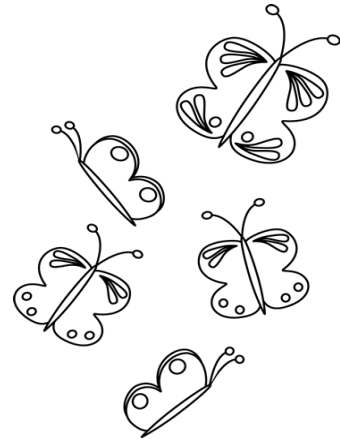

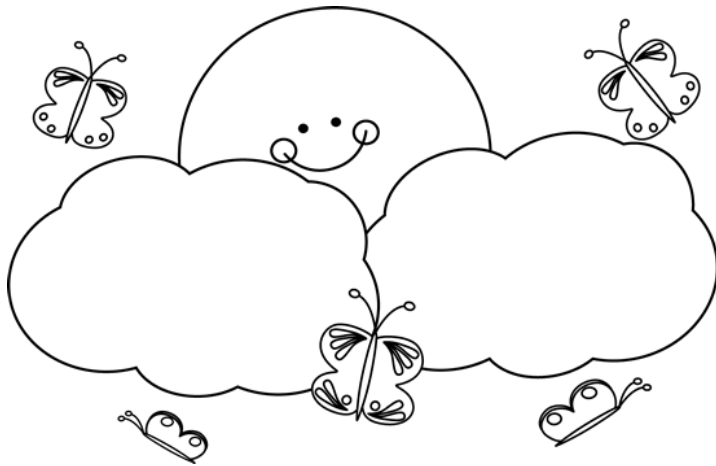

But most of all I'm thankful
For my family, near and far.
For their love surrounds me daily
Thank-you lucky star.
